

## Reception Learning Activities

Phonics

Practise all of your sounds using the phoneme flashcards in your home learning packs.

Practise all your tricky words using the flashcards – perhaps your grown-ups could organise a sound/word scavenger hunt?

Read your reading books with a grown-up.

Record your reading in your reading log

English

Have a look at the picture at the end of this sheet. How did the banana grow so big?

I would like you to use your imagination and write a sentence.

*Did someone put a magic spell on the banana?*

*Did something get spilled on it?*

*Did it come from a magical tree?*

Challenge

Can you write more than one sentence?

I cannot wait to see some of your ideas.

Write your sentences in your home learning books and please send me a photo!

Maths

Practise writing your numbers to 20. Ask your grown up to either show you a set number of fingers or objects, count them and then write the number in your home learning book. Look at your number line if you need to.

If you get any of your numbers round the wrong way, please have another go at writing them.

## Year One Learning Activities

Phonics

Practise all of your sounds using the phoneme flashcards in your home learning packs.

Practise all your tricky words using the flashcards – perhaps your grown-ups could organise a sound/word scavenger hunt?

Read your reading books with a grown-up.

**Record your reading in your reading log**

English

Have a look at the picture at the end of this sheet. How did the banana grow so big?

I would like you to use your imagination and write 5 different sentences showing what might have happened to the banana.

*Did someone put a magic spell on the banana?*

*Did something get spilled on it?*

*Did it come from a magical tree?*

Remember to add some detail to your sentences. If someone did something to the banana...who were they? If it came from a magical tree...how was it magical or where was it?

Challenge

	<p>Can you write a short story about the huge banana?</p> <p>I cannot wait to see some of your ideas.</p> <p>Write your sentences in your home learning books and please send me a photo!</p>
Maths	<p>Please complete the subtraction worksheet. You can either print it out and write on the sheet or copy the sentences into your home learning books. Use the number line to carefully make the backwards jumps.</p> <p><u>Challenge</u> Can you come up with 3 of your own subtraction number sentences?</p>
