9<sup>th</sup> September 2018

## Science Week: September 24<sup>th</sup> – 28<sup>th</sup> 2018

Next week, Westwood School is holding our annual Science week. The idea of Science Week is to get the children engaged and enthusiastic about science – as well as just having fun.

### Explorer Dome

This year, we are lucky to have booked the Explorer Dome, who have visited us in the past. They will host a variety of different sessions for each class on Wednesday 26<sup>th</sup> September.

### Science portables

We have also booked the science portables from We the Curious (@Bristol) for the week. Each class will have the opportunity use 8 different science stations and explore the scientific ideas behind them.

### Outside science experiments

During lunchtimes, providing it is not raining, we will have some science experiments on the field each day that the children can come and join in with, if they wish. For example, in previous years, we have tried the coke and Mentoes experiment, which was enjoyed by all. Usually the experiments are a little messy!

### After school Science

There is also the opportunity for children to sign up and come and join in an after school science club from 3:15 to 4:15 on **Tuesday 25<sup>th</sup>** and **Thursday 27<sup>th</sup>** that week. It will be open to anyone from year 1 to year 6 who wants to come and carry out some fun science experiments. The Tuesday and the Thursday sessions will have the same content, so children should be signed up for one or the other. There is no charge for these sessions. If you wish for your child to attend one of them, please return the form below by:

- a) this Friday (21st) for the Tuesday session or
- b) by Tuesday next week (25th) for the Thursday session.

I will be organising the groups and notification to parents will be by letter in the book bag on deadline days, so look out for them.

### A requested donation

To help towards the funding of the activities during the week, we wish to ask for a contribution of £5 which can be made via the ParentPay website. Many thanks for your understanding.

Emma Tyler

Science week science club 25<sup>th</sup> and 27<sup>th</sup> September 2018 3:15 – 4:15 FAO: Mrs. Tyler

I wish my child..... who is in year ..... to come to

(circle one) **Tuesday science club**

**Thursday science club**

I will pick my child up after school at 4:15 from Orchid class' outside door.
