

# Scooter Skills Sessions

With the increase of children travelling to school by scooter Wiltshire Council Road Safety are running **fun** based scooter skill sessions at the school to promote **safe** scooting.

The sessions will be 1 hour long, children will use their own scooters and be taught on the school playground.

Scooter skills will be taught through discussion, demonstration and replication by the children.

Some of the topics and skills covered during the session: \*Scooter maintenance check. \*Sharing the footway safely-safest side to scoot. \*Where to scoot-where not to scoot.\* Responsible and safe scooting-hazards to look out for.\*Demonstrating stopping, balance skills and control manoeuvring around a coned slalom course. Each pupil receives a participation certificate listing the topics and skills covered during the session.

Please send the reply slip back to the school office if you wish your child to take part. The cost will be £2 per pupil, payable nearer the time.

.....  
**Scooter skills session.**

I would like my child (print name).....

Age..... Class Name/Teacher's name.....

to take part in the scooter skills session. Cost £2.

Nb.Please check all levers, screws and parts are secure on your child's scooter making it safe to use.
